

**Represent each equation with numbers and symbols.****Answers**

1) thirteen minus two equals eleven

1. _____

2) fourteen minus four equals ten

2. _____

3) seventeen minus three equals fourteen

3. _____

4) fifteen minus five equals ten

4. _____

5) seventeen plus three equals twenty

5. _____

6) twenty minus zero equals twenty

6. _____

7) seven plus three equals ten

7. _____

8) ten plus nine equals nineteen

8. _____

9) two plus one equals three

9. _____

10) nineteen minus one equals eighteen

10. _____

11) fourteen minus two equals twelve

11. _____

12) twelve minus eight equals four

12. _____

13) thirteen plus four equals seventeen

13. _____

14) nine minus six equals three

14. _____

15) ten minus eight equals two

15. _____

16) thirteen plus four equals seventeen

16. _____

17) twelve plus four equals sixteen

17. _____

18) eighteen minus one equals seventeen

18. _____

19) twelve plus zero equals twelve

19. _____

20) eighteen plus one equals nineteen

20. _____

**Represent each equation with numbers and symbols.**

- 1) thirteen minus two equals eleven
- 2) fourteen minus four equals ten
- 3) seventeen minus three equals fourteen
- 4) fifteen minus five equals ten
- 5) seventeen plus three equals twenty
- 6) twenty minus zero equals twenty
- 7) seven plus three equals ten
- 8) ten plus nine equals nineteen
- 9) two plus one equals three
- 10) nineteen minus one equals eighteen
- 11) fourteen minus two equals twelve
- 12) twelve minus eight equals four
- 13) thirteen plus four equals seventeen
- 14) nine minus six equals three
- 15) ten minus eight equals two
- 16) thirteen plus four equals seventeen
- 17) twelve plus four equals sixteen
- 18) eighteen minus one equals seventeen
- 19) twelve plus zero equals twelve
- 20) eighteen plus one equals nineteen

Answers

1. $13 - 2 = 11$
2. $14 - 4 = 10$
3. $17 - 3 = 14$
4. $15 - 5 = 10$
5. $17 + 3 = 20$
6. $20 - 0 = 20$
7. $7 + 3 = 10$
8. $10 + 9 = 19$
9. $2 + 1 = 3$
10. $19 - 1 = 18$
11. $14 - 2 = 12$
12. $12 - 8 = 4$
13. $13 + 4 = 17$
14. $9 - 6 = 3$
15. $10 - 8 = 2$
16. $13 + 4 = 17$
17. $12 + 4 = 16$
18. $18 - 1 = 17$
19. $12 + 0 = 12$
20. $18 + 1 = 19$
