

Solve each problem.

- 1) List all the multiples of 7 from the selection of numbers below:
19 21 28 38 43 49 59 61 69 70
- 2) List all the multiples of 9 from the selection of numbers below:
21 36 68 72 81 85 88 89 93 98
- 3) List all the multiples of 7 from the selection of numbers below:
10 14 16 25 31 43 49 56 58 67
- 4) List all the multiples of 7 from the selection of numbers below:
8 15 33 40 42 43 46 62 63 68
- 5) List all the multiples of 2 from the selection of numbers below:
3 7 9 10 11 15 16 17 19 20
- 6) List all the multiples of 2 from the selection of numbers below:
3 8 9 11 13 15 16 17 18 20
- 7) List all the multiples of 7 from the selection of numbers below:
17 31 32 42 46 49 51 58 65 72
- 8) List all the multiples of 5 from the selection of numbers below:
8 14 15 24 28 29 31 35 45 52
- 9) List all the multiples of 9 from the selection of numbers below:
24 27 44 45 72 78 81 83 91 98
- 10) List all the multiples of 3 from the selection of numbers below:
7 8 14 17 21 25 28 29 30 32

Answers

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____
9. _____
10. _____
