

Solve each problem.

- 1) List all the multiples of 6 from the selection of numbers below:
17 22 24 27 36 40 42 47 48 55
- 2) List all the multiples of 4 from the selection of numbers below:
12 13 14 15 20 25 26 27 33 39
- 3) List all the multiples of 8 from the selection of numbers below:
16 21 22 25 48 57 59 65 69 72
- 4) List all the multiples of 9 from the selection of numbers below:
14 20 27 36 48 54 64 65 81 94
- 5) List all the multiples of 5 from the selection of numbers below:
10 14 15 19 21 28 37 41 48 54
- 6) List all the multiples of 2 from the selection of numbers below:
3 5 8 9 12 13 14 15 17 19
- 7) List all the multiples of 6 from the selection of numbers below:
10 17 21 23 24 46 48 52 57 58
- 8) List all the multiples of 10 from the selection of numbers below:
21 24 40 50 52 72 78 90 96 100
- 9) List all the multiples of 10 from the selection of numbers below:
30 33 45 70 72 85 90 93 97 98
- 10) List all the multiples of 4 from the selection of numbers below:
8 14 16 18 21 25 30 31 36 37

Answers

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____
9. _____
10. _____
