

Solve each problem.

- 1) List all the multiples of 2 from the selection of numbers below:
3 5 9 10 11 15 17 18 19 21

- 2) List all the multiples of 5 from the selection of numbers below:
14 15 17 23 28 29 30 35 37 41

- 3) List all the multiples of 9 from the selection of numbers below:
11 13 25 36 42 48 54 61 63 85

- 4) List all the multiples of 6 from the selection of numbers below:
12 19 20 24 32 34 40 42 48 58

- 5) List all the multiples of 5 from the selection of numbers below:
6 10 22 24 27 36 38 48 50 53

- 6) List all the multiples of 7 from the selection of numbers below:
11 21 38 39 48 51 55 56 75 76

- 7) List all the multiples of 5 from the selection of numbers below:
13 15 16 17 23 29 33 35 40 48

- 8) List all the multiples of 6 from the selection of numbers below:
12 33 42 43 45 48 49 53 54 62

- 9) List all the multiples of 3 from the selection of numbers below:
4 5 6 16 20 24 27 28 29 32

- 10) List all the multiples of 5 from the selection of numbers below:
6 10 14 23 30 35 37 45 49 54

Answers

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____
9. _____
10. _____

Solve each problem.
