

Solve each problem.

- 1) List all the multiples of 8 from the selection of numbers below:

11 12 24 25 40 48 59 72 78 82

- 2) List all the multiples of 2 from the selection of numbers below:

3 5 6 7 9 11 13 15 18 19

- 3) List all the multiples of 4 from the selection of numbers below:

8 10 11 17 18 19 22 30 34 36

- 4) List all the multiples of 6 from the selection of numbers below:

10 17 24 30 32 45 46 48 53 61

- 5) List all the multiples of 3 from the selection of numbers below:

8 11 16 18 20 21 22 24 27 28

- 6) List all the multiples of 4 from the selection of numbers below:

5 6 10 11 12 20 23 31 32 36

- 7) List all the multiples of 8 from the selection of numbers below:

16 21 25 40 49 51 54 55 65 71

- 8) List all the multiples of 3 from the selection of numbers below:

9 11 15 16 17 19 20 27 28 30

- 9) List all the multiples of 9 from the selection of numbers below:

10 18 19 36 37 41 50 54 63 73

- 10) List all the multiples of 8 from the selection of numbers below:

12 16 22 23 24 25 33 37 40 45

Answers

1. _____

2. _____

3. _____

4. _____

5. _____

6. _____

7. _____

8. _____

9. _____

10. _____

Solve each problem.
