

Use **addition, subtraction, multiplication or division** to solve each problem.Answers

- 1) Olivia bought 7 new shirts for school. If she already had 5 shirts, how many did she own total?
- 2) Henry was playing games at the carnival. At the ring toss booth you get 8 rings for \$1. If John spent 6 dollars, how many rings did he get?
- 3) A group of 2 friends were dressing as pirates for Halloween. If each costume cost 8 dollars, how much did they spend?
- 4) The roller coaster at the state fair costs 3 tickets per ride. If you had 24 tickets, how many times could you ride it?
- 5) Larry's Lawn Care charges 6 bucks to trim a hedge. If Victor has 3 hedges, how much money would he spend?
- 6) Jerry could fit 5 action figures on each shelf in his room. His room has 4 shelves. How many action figures total could his shelves hold?
- 7) For a potluck lunch Katie brought 5 bottles of soda. If someone else had already brought 4 sodas, how many were there total?
- 8) Sam went to the state fair and rode the ferris wheel 6 times. If he rode it 4 times during the day, how many times did he ride it at night?
- 9) Amy was helping her mom plant vegetables in the garden. Together they planted 9 rows of potatoes with 5 seeds in each row. How many potatoes did they plant total?
- 10) Edward mowed his lawn 2 times in the spring and 5 times in the summer. How many times did he mow total?
- 11) Janet's dad was taking everyone out to eat for her birthday. He spent 6 dollars total on the adults and 6 dollars total on the kids. How much did it cost for everyone?
- 12) For Halloween Ned received 35 pieces of candy. If he put them into piles with 5 in each pile, how many piles could he make?
- 13) Maria was helping her mom plant flowers and together they planted 72 seeds. If they put 9 seeds in each flower bed, how many flower beds did they have?
- 14) Will won 11 tickets playing games at the arcade. If he spent 5 tickets buying a water gun, how many tickets did he still have?
- 15) Haley sent out 12 birthday party invitations. If 6 people showed up, how many people didn't come?
