## Use addition, subtraction, multiplication or division to solve each problem.

1) Debby was trying to sell 12 of her old DVDs. If she only sold 8 of them, how many did she have left?
2) Bianca was practicing for a marathon. She practiced for 9 days, running 5 miles each day. How many miles did Bianca run altogether?
3) Vanessa was buying DVDs of her favorite TV series. Each season had 4 DVDs. If she bought 7 seasons how many DVDs did she buy total?
4) Haley's mom was buying extra school supplies for her and her siblings. If she bought 4 packs of glue sticks with 4 glue sticks in each pack, how many did she get total?
5) Roger was reading through his favorite book series. The first week he read 4 different books. The next week he read 4 books. How many books did he read total?
6) A pet store had 16 snakes. They had the snakes in cages with 2 snakes in each cage. How many cages did the pet store have?
7) Billy mowed his lawn 6 times total during the spring and summer. If he mowed it 3 times in the summer. How many times did he mow in the spring?
8) Mike has to sell 21 chocolate bars to get a prize. If each box contains 3 chocolate bars, how many boxes does he need to sell?
9) A chef used 4 potatoes to make fries for the lunch crowd. Later he used another 6 potatoes for the dinner crowd. How many potatoes did he use total?
10) Janet was helping her mom plant vegetables in the garden. Together they planted 5 rows of potatoes with 3 seeds in each row. How many potatoes did they plant total?
11) Tom had 18 old video games he was wanting to get rid of. If he gave his friend 9 of the games, how many does he still have?
12) Each room in a new house needs to have 9 outlets. If the contractor buys 18 outlets, how many rooms are in the house?
13) Nancy bought 7 pencils at the school store, but she already had 6 pencils. How many pencils does she have total?
14) There are 27 students in the school band. If the band instructor put the students into rows with 9 students in each row, how many rows could he make?
15) A chef had 8 potatoes to make fries with, but he only used 2 of them. How many potatoes does he still have?
