

Solve each problem.

- 1) What is the value of the 8 in the number 168,729?
- 2) What is the value of the 3 in the number 78,934,125?
- 3) What is the value of the 8 in the number 851?
- 4) What is the value of the 1 in the number 84,175?
- 5) What is the value of the 7 in the number 683,975?
- 6) What is the value of the 9 in the number 3,961?
- 7) What is the value of the 5 in the number 3,958?
- 8) What is the value of the 6 in the number 376,829?
- 9) What is the value of the 8 in the number 841?
- 10) What is the value of the 6 in the number 65,138?
- 11) What is the value of the 8 in the number 485,716?
- 12) What is the value of the 4 in the number 48?
- 13) What is the value of the 7 in the number 5,736?
- 14) What is the value of the 8 in the number 6,842?
- 15) What is the value of the 5 in the number 975,184?
- 16) What is the value of the 4 in the number 56,847?
- 17) What is the value of the 3 in the number 21,934?
- 18) What is the value of the 9 in the number 196,732?
- 19) What is the value of the 2 in the number 9,126,387?
- 20) What is the value of the 2 in the number 867,521?

Answers

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____
9. _____
10. _____
11. _____
12. _____
13. _____
14. _____
15. _____
16. _____
17. _____
18. _____
19. _____
20. _____
