	Examining Number Value by Place Value Name:	
Solv	e each problem.	Answers
1)	What is the value of the 8 in the number 98,271?	
2)	What is the value of the 6 in the number 46,532?	1.
3)	What is the value of the 8 in the number 82?	3.
4)	What is the value of the 2 in the number 34,527?	4.
5)	What is the value of the 8 in the number 135,872?	5.
6)	What is the value of the 3 in the number 7,835,416?	6.
7)	What is the value of the 1 in the number 19,658?	7.
8)	What is the value of the 6 in the number 3,746,529?	8.
9)	What is the value of the 8 in the number 69,845?	9
10) 11)	What is the value of the 9 in the number 594?  What is the value of the 9 in the number 768,932?	10
12)	What is the value of the 6 in the number 596,427?	11
13)	What is the value of the 2 in the number 3,724,916?	12
14)	What is the value of the 1 in the number 87,416,925?	13
15)	What is the value of the 2 in the number 196,328?	14.
16)	What is the value of the 2 in the number 81,627,395?	15
17)	What is the value of the 3 in the number 5,397?	17.
18)	What is the value of the 8 in the number 814?	18.
19)	What is the value of the 1 in the number 613?	19.
20)	What is the value of the 2 in the number 23?	20
	1-10   95   90   85	80 75 70 65 60 55 50
