

Solve each problem.

- 1) What is the value of the 9 in the number 892,674?
- 2) What is the value of the 1 in the number 2,137?
- 3) What is the value of the 7 in the number 78,645?
- 4) What is the value of the 4 in the number 73,245,681?
- 5) What is the value of the 6 in the number 68?
- 6) What is the value of the 7 in the number 4,715?
- 7) What is the value of the 9 in the number 819,435?
- 8) What is the value of the 2 in the number 1,287?
- 9) What is the value of the 4 in the number 8,749?
- 10) What is the value of the 8 in the number 3,581?
- 11) What is the value of the 5 in the number 3,526?
- 12) What is the value of the 2 in the number 6,742,983?
- 13) What is the value of the 9 in the number 95,814?
- 14) What is the value of the 9 in the number 579,148?
- 15) What is the value of the 9 in the number 679,382?
- 16) What is the value of the 2 in the number 5,921,476?
- 17) What is the value of the 6 in the number 249,361?
- 18) What is the value of the 9 in the number 625,917?
- 19) What is the value of the 5 in the number 281,593?
- 20) What is the value of the 2 in the number 42,175?

Answers

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____
9. _____
10. _____
11. _____
12. _____
13. _____
14. _____
15. _____
16. _____
17. _____
18. _____
19. _____
20. _____
